ONTARIO SIGNATURE EXPERIENCES

Destination Ontario launched **Ontario Signature Experiences (OSE)** to promote and market must-see travel experiences that will appeal to global target markets. The OSE program is designed to showcase the best and most unique tourism experiences in the province that will motivate more people to visit Ontario.

The OSE is linked with the Canadian Signature Experiences Collection (CSE), managed by Destination Canada, in order to both act as a stepping stone for Ontario tourism operators who aspire to be included in Canada's international marketing and to highlight the diversity of Ontario experiences.

Temiskaming Shores

TORONTO TO TEMISKAMING SHORES

🚗 500 kilometers

Temiskaming Shores offers the true Northern Ontario experience with one difference, only a few others experiencing it with you!

An authentic Northern Ontario experience.

We can provide similar experiences offered in many Northern Ontario communities, however due to our size, we can offer an experience that feels more authentic as there will be smaller crowds enjoying it with you. Our niche is that we have the amenities of a larger centre, ensuring that your stay is pleasant and comfortable, but because we are small, you will have the time and space to enjoy nature as it is intended to be seen.

📍 Temiskaming Shores,
Northeastern Ontario

A region rich in history.

Temiskaming Shores was created in 2004 through the amalgamation of Haileybury, New Liskeard and Dymond Township. Haileybury became the district seat following the discovery of silver in Cobalt in the early 1900's. New Liskeard was always the commercial hub for the region and along with Dymond is the entrance to the rich agricultural lands of the Little Claybelt.

Devil's Rock

Devil's Rock or Spirit Rock as it is sometimes referred to is the highest high wall cliff face in Ontario as stated in the Climber's Handbook. This 300-foot cliff overlooks the waters of Lake Temiskaming and offers beautiful views of Quebec.

Historic Cobalt

Cobalt, Ontario is now a National Historic Site recognized by Parks Canada as the birthplace of silver mining in Canada. In the early 1900's over 40 mines operated around the community, some of which are still standing today.

The Lake Temiskaming Tour

One Lake, Two Provinces, Three Cultures.

The Lake Temiskaming Tour was created to link together all of the small tourism attractions from around the region into one tour that highlights all of the great activities and events that make the region special. The Tour slogan, One Lake, Two Provinces, Three Cultures highlights experiences in both Ontario and Quebec as well as those of our local First Nations.

Many of the exhibits and activities on the tour have the ability to work with tour operators to accommodate small or large groups to be hosted at the various attractions. All of the experiences are available on the laketemiskamingtour.com website with details.

Bison Du Nord

Bison du Nord is Eastern Canada's largest bison herd. You can climb up on their tractor drawn hay wagon and drive through the herd and see these amazing animals at an arm's length away, while learning about the history of the family farm.

Elk, Bison and Swans, Oh My!

Explore and view many different species of Canadian wildlife, including moose, deer, elk, bison and mountain goats, all in a natural outdoor setting. Hand feed moose and elk as you see the sights in their natural habitat.

Where We Stand: Stories of the Land

The north has been an area of mystery and intrigue to many outside the region. Despite the harsh weather and rugged landscapes, relationships formed and communities thrived. The story of our region is one of perseverance, discovery, and opportunity experienced by many different groups of people over thousands of years.

Generations of First Nation groups prospered by maintaining an economy and community who traded, travelled, farmed, and hunted. When the fur trade began here, settlement patterns changed and the north began to transform. At the turn of the 20th century, Timmins was recognized on a global scale as a mining marvel. Once news broke in 1909 that gold was found, people from across the world came to make their fortune or set up businesses to profit from the excitement. It is our exchanges with the land and people that has shaped the region as we see it today.

Indigenous Teachings through Art

Art bridges the level of understanding between Indigenous and non-Indigenous peoples by promoting the transfer of knowledge and honouring the stages of life and their respective roles, as depicted in the medicine wheel. The murals allow everyone to learn about these traditions and culture.

🚗 800 kilometers ➔ 1 h 30 minute flight

Algoma Country is the place for real wilderness adventures. Old growth forests, countless lakes, rivers and streams offer plenty of opportunities to hike, paddle and view wildlife, and discover our rich cultural history.

Experience the Outdoors

Beautiful sandy beaches, crystal-clear waters and kilometres of hiking trails are found throughout the Algoma region. Kayak and canoe enthusiasts can enjoy fully guided and outfitted paddling trips on many lakes and rivers. There are multiple opportunities to photograph wildlife in their natural surroundings with over 95 species of birds that live in the Algoma region at different times of the year, and diverse wildlife including moose, deer and black bears.

The Algoma Region

Connect with our roots

What does 'Algoma' mean? Our name is unique. 'Al' is derived from Algonquin, and 'goma' is a variant of gomee, meaning lake or water. Our region's largest city, Sault Ste. Marie, named Bawaating in Ojibwe, has been a traditional gathering place since the beginning of time. Explore the history and culture of the Anishinaabe people in Sault Ste. Marie and Algoma.

Group of Seven Country

Experience authentic nature and culture along the North Shore of Lake Superior. These same, unspoiled landscapes inspired the journeys and the iconic works of Canada's most famous art collective: the Group of Seven, a small group of Canadian artists who created a new way to represent the rugged Canadian landscapes of the Canadian Shield.

Naturally Superior Adventures (OSE)

Located on a seven-acre peninsula of boreal forest, pre-Cambrian greenstone, and fine gravel beaches on Lake Superior. They are Lake Superior Adventure Experts and Canada's leading provider of sea kayak, canoe, voyageur canoe, standup paddleboard (SUP) trips, instruction and outfitting on Lake Superior since 1994.

Lodge Eighty-Eight

Train-in or fly-in to a wilderness adventure.

Lodge Eighty-Eight is a premier wilderness lodge owned and operated by the MacLachlan Family for over 60 years. The original lodge and handcrafted log cabins were built with logs cut and milled on-site. The cabins are fully serviced with meal plans. Situated on remote Esnagi Lake 322 km from Sault Ste. Marie, adjacent to the Chapleau Game Preserve. The area is rich in wildlife, rugged wilderness, walking and hiking trails. Lodge access is by rail aboard the Canadian Pacific Railway, or by air aboard an iconic Canadian Bushplane.

Group of Seven Touring Route

Enjoy scenic lookouts, view scenes represented in Group of Seven paintings, the rocky shorelines, open skies and rich colourful old growth forests along the Canadian Shield. Information plaques at each site help place visitors into the shoes of these famous painters. Many works vividly portray brilliant autumn colours for which the region is famous.
